About us

Language in Action (LiA), part of the Malvern International Group, is one of the UK's leading providers of short-term language programmes for aspirational, global teenagers and young adults

Schools, study abroad agencies and parents choose LiA because we provide a safe, high-quality and impactful study abroad experience for their students.

Live and study at top universities

Experience living and studying in some of the UK's most prestigious universities and residences.

Exciting excursions

We provide high-quality, personalised excursion schedules, expertly designed and led by experienced and knowledgeable tour guides. We ensure each outing is engaging and aligned with class objectives and learning goals.

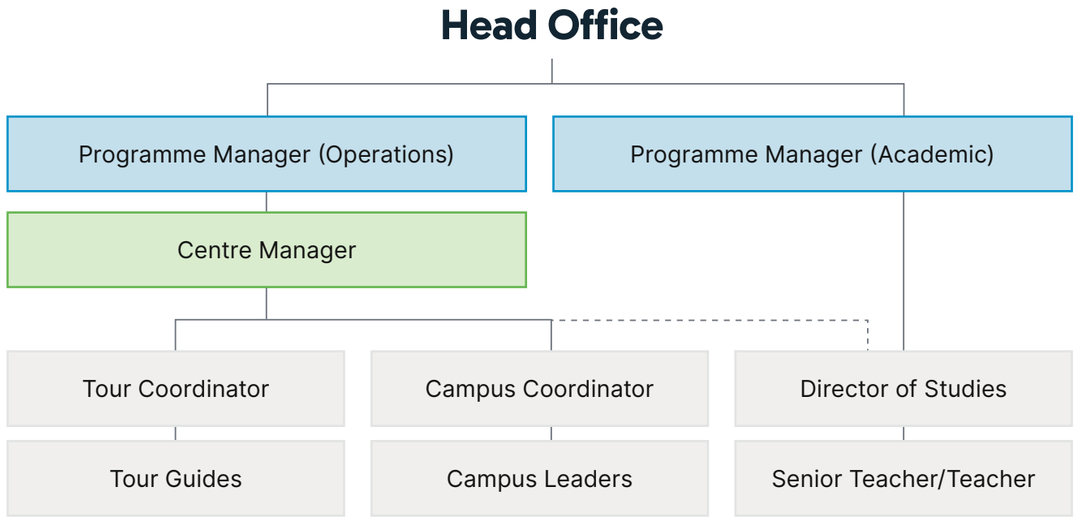

Courses for all levels

Language courses for all levels are designed in conjunction with our excursion programme so students further their language development in real world situations.

Excellent student support

Our team is always on hand to ensure everything runs smoothly. We pride ourselves on our excellent student support and customer service.

Our team

Student welfare

At Language in Action, we know that parents trust us not only with providing the best English Language study experience, but also with their children's safety and wellbeing. This is why we take extra care to ensure the best measures are in place to support and safeguard our students.

Welfare on campus

Each centre has designated staff responsible for student welfare, including at least one member who has completed specialist safeguarding training and one who has completed advanced safeguarding training. These staff ensure the highest standards of care and safety throughout your stay.

Staff training and support

All staff members complete the safeguarding basic awareness course and the prevent duty awareness course. They are trained to be approachable, understanding, and attentive to your well-being at all times.

First aid availability

Each centre has at least one staff member trained in first aid.

Support for new experiences

We understand that this might be a new and unfamiliar experience for you. We offer advice, comfort, and support if you are experiencing homesickness, culture shock, or just need someone to talk to.

Residential supervision

All residential accommodation is supervised by trained staff available 24 hours a day. During daytime and evening hours, staff are on active duty in and around the accommodation. During night-time hours, a designated member of staff is on duty and available to respond to any emergency. Staff sleeping arrangements ensure that at least one trained adult is contactable and on site at all times throughout the night. Contact details for the on-duty staff member are made available to all students on arrival.

Emergency contact information

When you arrive, you will receive an emergency contact card with all necessary contact details and our 24-hour emergency number. We also provide a comprehensive agency welcome pack, which includes key contact information, escalation procedure, excursion information, and more.

Everyone is welcome

We believe that every student deserves respect, freedom from discrimination, and protection from abuse, regardless of age, gender, disability, ethnicity, religious beliefs, or sexual identity.

Travel arrangements

Where the accommodation and teaching centre are located in different buildings, students will always be accompanied by a responsible adult when travelling between the premises, either by their Group Leader or by Language in Action staff, with supervision ratio as established.

At Language in Action, your child's success and wellbeing are at the heart of everything we do.

We have a hugely experienced Head-office team, many of whom have worked their way up from seasonal centre staff to full-time management roles.

This rich, hands-on experience is at the centre of our operation, and we pride ourselves on the attentive support we provide students while on our programmes.

Adam Ennis,
Head of Juniors

Our academic programme

Methodology

Our academic programme is focused around our 3 Pillars of Learning; designed to instil speaking confidence, guarantee practice and provide a completely immersive experience to each and every one of our students.

Teachers are equipped with a full syllabus over a range of different topics which allows both structured learning and the flexibility to create personalised classes.

Real-world link

Each topic is connected to a real-world situation that students will experience during their excursions. We believe that students learn better using their language in action.

Speaking confidence

The main focus in each of our classes is on improving verbal communication. Through peer interaction, role play and presentations, our teachers ensure that students speaking skills vastly improve over the duration of the course.

3 Pillars of Learning

British culture

UK culture is integrated into each of our classes, encouraging students to learn, not only the language, but also the history, food, music and many other cultural aspects of the British Isles.

Our course structure

Our course design was highlighted as a strength by the British Council. Our summer programme features expertly crafted lessons aligned with CEFR standards and our methodology.

A wide range of modules allows teachers to deliver high-quality, engaging lessons that immerse students in the city's vibrant culture.

Art in Action

Explore and comment on various pieces of art shown in galleries around your destination. Work together to answer questions like "What point was the artist trying to make?"

Learn about art and culture in the city through lively discussion.

Lesson objectives:

Expand your lexis to talk about the world of art, theatre and film

Improve your fluency by learning expressions to voice your opinion

Develop your communication skills by working in groups on a project to recreate a piece of art

The Environment in Action

Explore current global issues including climate change, waste and conservation efforts. With discussion, videos and listening, students tackle major issues while expressing their own thoughts.

Lesson objectives:

Develop your listening and reading skills through short talks and videos

Expand your range of vocabulary with prepositional phrases and animal idioms

Gain confidence and fluency through animated debates on the issues our planet faces

Example modules

Food in Action

Dive into the world of British Cuisine by learning about traditional dishes and cooking methods. Discuss classic British dishes and compare to those of your country.

Lesson objectives:

Broaden your knowledge of British and global cuisine through listening and discussion

Improve your lexis of cooking utensils and methodologies

Improve your communication and critical thinking skills through a recipe competition

Sample course outline

Day 1	**Welcome** Induction • Tour • Meet the staff • Placement Test	**Today you will learn** Speaking and Listening: Introduction to British Culture: The UK, The Royal family	**Task** British Culture and London Quiz	**What do you know about British Culture and about London?**

Choose from three intakes

Central Zone 1 location

A dedicated Individuals Lead

Individual students are looked after by a dedicated Individuals Lead from arrival day to graduation. They run regular welfare check-ins, help students settle in and get the most from the programme, and are the first point of contact for parents and agents. Throughout the stay, they also take regular photos of our individual students and share them with parents, so families at home can see just how much fun their child is having.

A fun packed schedule

Integration Programme

Our integration programme offers international students a unique opportunity to immerse themselves in a traditional British school environment.

By joining regular school classes, students enhance their language skills while experiencing authentic British education and culture. Students aged 12 and under will attend classes at Wellesley Haddon Dene School (WHD), while students aged 13 and over will attend classes at Chatham & Clarendon Grammar School.

Programme highlights

Live the British school experience
Follow the daily timetable of a British student

Buddy system
Each international student is paired with a local student (a 'buddy') and follows their timetable. This is a great opportunity to have casual English conversations

Engaging social interaction
Participate in lessons and recreational activities while pairing up with a local student

Boarding school experience
Accommodation in the scenic grounds of a traditional British boarding school

After-school activities
Participate in swimming lessons, art and pottery workshops, beach trips and excursions to historical sites

Tailored excursions
Including day trips to London and exploring local heritage sites such as Dover Castle, Canterbury and Broadstairs beach. All trips and excursions can be designed to accommodate the group's needs

Ages 12-18

Mini-Stay Residential Programme

Learn English in the beautiful setting of Wellesley Haddon Dene Boarding School, where students will live and learn in the safe, secure and self-contained campus.

All meals will be taken in the school canteen. Alongside the Language in Action English language syllabus, groups will also be able to take advantage of the fantastic facilities with options for art and design, pottery making, drama, archery, hockey and an on-site heated swimming pool, sports hall and playing fields.

Programme highlights

- 15 hours of general English
- Residential full board
- 1 free group leader per 15 students
- Transport for all excursions and activities
- Weekly full day excursions to London and other top destinations
- Half-day excursions including; walking tours, visits to local attractions and beach visits

Optional extra excursions

Cooking • Fencing • Tennis • Water Polo • Archery • Lawn games and BBQ • Pizza and movie night • Sports coaching* • London trip* • Dover • Castle* • Canterbury trip* • Margate trip* • Aqua Park* • Wildlife Park* • Beach surfing*

*Activities may incur additional cost. Please contact your regional sales manager for further details.

See the full timetable of lessons, activities and excursions

*Free group leader includes: full-board single accommodation, transport and entrance fees for paid excursions
*All excursions included in the packages will be accompanied by a member of staff

Year-round groups

Looking for an English language programme built around your goals, abilities and aspirations? Create your ideal study and travel experience with our year-round programmes.

- Tailored English programme delivered by experts at Malvern House London, situated at the heart of the city (15-30 hours per week)
- Bespoke closed group courses or participants aged 16+ can be integrated into our international classes
- Fully customisable activity and excursion programme
- Length of stay from 1 week+
- A range of home stay, residence, hostel and hotel accommodation options
- Minimum age: 12+

1

Choose your dates

LiA mini-stay programme can be delivered year-round. All programmes begin with arrival on a Sunday and with the first day of English classes on the Monday morning.

2

Select your hotel accommodation

Our mini-stay programme gives you a choice of homestay and hotel accommodation options in both London and Manchester. Student residence options are also available during the summer months. Half and full board options are available to give you the flexibility you need.

3

Add your excursions

LiA offer a range of excursions that can be added to your programme to create the perfect London study experience. During each week of study you will have time for 5 half day excursions and one full day. We have a range of inspiring walking tours that cover many of London's and Manchester's historic sites. We also offer a range of upgraded excursions beyond the city. Simply select the activities you would like your group to experience and let us take care of the rest.

Your language programme

The language programme will be tailored to your requirements and is suitable for all ability levels.

Our academic team will work with you prior to your arrival to design the most impactful language programme for your students while they study with us. This can include:

General English programmes

Students over 16 can join our multicultural classes at Malvern House which are tailored to their ability. Students under 16 they will be taught as a closed group together.

Specialist courses

Courses such as preparation for exams and assessments including IELTS and Cambridge examinations (FCE, CAE etc.).

Additional language development

For students who wish to work on their language development even more, additional hours of one to one tuition are available to book with our expert tutors.

Extra academic support

We also offer bespoke support in a range of subjects and educational topics in addition to English language, including IGCSE preparation and projects or coursework in English for other subjects, from Business Studies to Drama.

Tailor your experience

Young Achievers

Experience university learning - and an unforgettable London summer

Two-week programme • 30 tuition hours in total

Young Achievers brings subject-focused English learning to London. Students choose STEM and Robotics or Business and Entrepreneurship, then tackle practical challenges with university lecturers and specialist English teachers. They work together on a group project, visit an industry setting linked to their subject and explore London through Language in Action activities and excursions.

Choose your subject

STEM & Robotics

Explore scientific and technical challenges, develop ideas with your group and present your solution.

Business and Entrepreneurship

Investigate a business challenge, develop an idea with your group and pitch it to a panel.

Hosted at University College London (UCL)

Taught by subject specialist English teachers and university professors | UCL teaching spaces & labs | Iconic London location

The Young Achievers experience

Learn through real challenges

Students use English to tackle subject-based challenges, develop a group project and present it to a panel. They build teamwork and presentation skills through problem-based learning, visit and take part in four full-day excursions across the two-week programme, including the upgraded Oxford and Cambridge excursions. They also receive a completion certificate and report card.

1 July - 15 July 2027

15 July - 29 July 2027

29 July - 12 August 2027

The faculties

Computer Science and Artificial Intelligence

Engage deeply with core areas of computer science, such as programming, data analysis, and machine learning, gaining both technical knowledge and an understanding of the ethical and societal impacts of AI.

Law and Global Justice

Through interactive classes, debates, and mock trials, students will gain a clear understanding of law's role in society and develop the analytical skills needed for entry into the UK Higher Education system.

Engineering and Science

Gain a solid understanding of engineering principles, address real-world challenges, and develop an appreciation for how engineering shapes the world.

Medicine, Health and Biomedical Science

Interactive workshops, hands-on labs, and field visits to renowned institutions form the backbone of this immersive experience. Students explore topics such as human anatomy, disease mechanisms, and medical technologies.

Minimum language requirement
B2+

Business, Finance and Enterprise

An in-depth exploration of the fundamental principles of commerce, financial management, and entrepreneurship. Explore business dynamics, financial systems, and entrepreneurial strategies, setting a strong foundation for future success.

Where you'll study

University College London

Gower St, London, WC1E 6BT

Innovate Summer Academy is hosted at University College London's Bloomsbury campus, ranked 8th in the 2027 QS World University Rankings. Students will have the opportunity to experience studying at a top-tier academic institution providing state-of-the-art classrooms, cutting-edge technology, and modern study spaces, all conveniently located in central London.

At a glance:

- 2 Dry Labs (for Engineering, Robotics and Coding)
- 2 Wet Labs (for Medicine and Clinical Skills)
- Multiple classrooms for groups of 6-12 students
- Lecture halls for groups of 18+ students

Classes may take place at University College London's Institute of Education (IOE), where students will take advantage of the bright and modern classrooms and a wide range of lounges and common spaces, many of which are also incorporated into their lessons and activities.

"It's a good way of introducing what you're going to be doing at university before you get there. A lot of the skills that you learn here are directly applicable to what you would do there. It's essentially giving you a head start.

Dr. Katty Wadda
Imperial College London
Lecturer in Medicine, Health and Biomedical Science
